

MATH LEARNING PLAN EVALUATION/REFLECTION

Student Name: _____ Learning Plan: _____

Please use complete sentences.

Describe the learning plan in detail including results of each task. Be specific.

What challenges did you go through and how did you overcome them?

Describe how you grew as a student, person and mathematician.

What BIG learning(s) will you take away from this experience? What will you ALWAYS remember?

What resources did you use to help you succeed? (books, electronics, people, ...)

Evaluate the Habits of the Mind & Heart that were your focus during this Learning Plan. Did you improve on them? What further do you need to do? What were you most aware of during this time period?

Turn this in completed with your Notebook.
